FINDERS RESOURCES LIMITED

Placement to Aterra Capital

Finders Resources Limited (ASX: FND) (“Finders”) is pleased to announce that it has entered into a subscription agreement with Aterra Investments Limited (“Aterra”) to raise A\$1.5 million by the issue of 7.5 million shares at 20 cents per share. Aterra is part of Aterra Capital, a geo-diversified investment company which invests in the metals and mining sector in developed and emerging markets. The investment portfolio of Aterra includes more than 10 exploration, development and producing companies among which are copper, silver, phosphates, zinc, lead, diamond and mineral sands projects. The placement to Aterra will provide additional funds for the upgrading and restart of the existing SX-EW plant on Wetar Island, completing the update of the bankable feasibility study and bank financing, and for general working capital.

Provident Capital Partners Pte Ltd and its nominees (Provident) have also exercised their right to take up their pro rata entitlement pursuant to the original subscription agreement with Provident announced on 12 December 2012. This amounts to an additional 1,595,692 shares at 20 cents each for total proceeds of \$319,138.

Barry Cahill, Managing Director of Finders welcomed the investments by Aterra and Provident. “We welcome Aterra as a shareholder. We are pleased to have the support of investors such as Aterra and Provident as we advance towards the financing and development of the Wetar Copper Project.”
